

# Data Center Operation: Insight

Comprehensive tool for customizing report designs to visualize data

User-friendly report design tool to meet individual business needs to configure and design custom reports complete with data obtainable from StruxureWare Data Center Operation, web services or external databases.

## Data Center Infrastructure Management Application for StruxureWare Data Center Operation

Data Center Operation: Insight is a report generator tool that allows for customization to individual business needs supported by a large community.

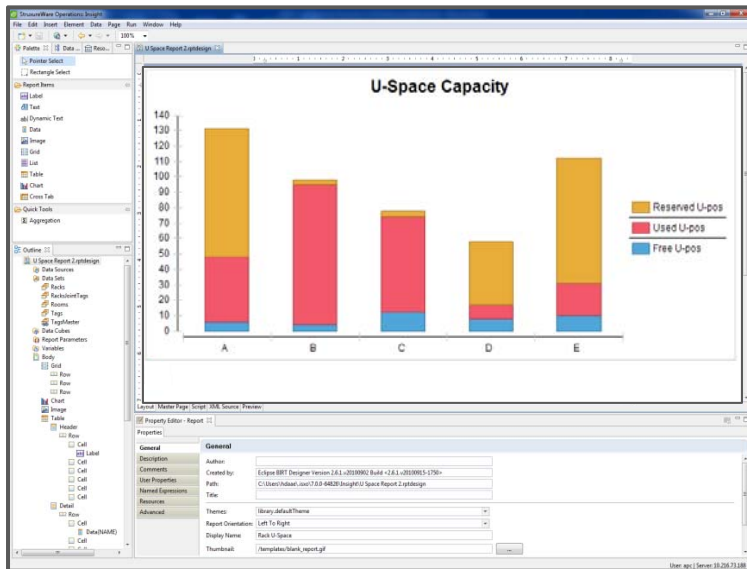

> Provides reporting capabilities with transparency into key performance indicators.

> Advanced report designer that allows you to design any report within minutes using drag and drop functionalities.

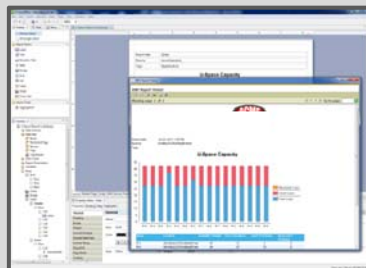

> Customized reports built in Data Center Operation: Insight can be published in StruxureWare Data Center Operation with instant availability to all users or exported to various file formats.

> Allows creation of reports that combine data from StruxureWare Data Center Operation with any external data point obtainable via web services or databases.

> Large set of plug-ins, templates and customizations available online. Consultants available world-wide.

Advanced report designer, built on BIRT, allows you to design any report within minutes using drag and drop functionality.

# Features & Benefits

Availability	Benefits
Export of reports	Customized reports can easily be shared with all stakeholders through support of various file formats (html, csv, excel and pdf).
Large pool of templates	Choose between a large selection of report templates, or design your own customized report and save it for future use.
Report building with external data points	Allows building reports that combine StruxureWare Data Center Operation data with any external data point obtainable via web services or databases.
Agility	
Open platform	Supported by a large open source community through its Eclipse BIRT software origin, Data Center Operation: Insight has access to increasing numbers of online templates, plug-ins, tutorials and stylesheets.

#### Prerequisite:

StruxureWare Data Center Operation

#### Product Module Options:

Data Center Operation: Capacity  
 Data Center Operation: Change  
 Data Center Operation: IT Optimize  
 Data Center Operation: Energy Efficiency  
 Data Center Operation: Energy Cost  
 Data Center Operation: Insight

#### Enhancement Options:

Data Center Operation: VIZOR  
 Data Center Operation: Mobile  
 Data Center Operation: Dashboard

#### Data Center Monitoring Option:

StruxureWare Data Center Expert
