

Data Center Operation: Mobile

Wireless operation of your data center

Handheld, wireless bar-code scanner for viewing, creating & instantly synchronizing changes on the go. Based on Motorola MC75 hardware.

Data Center Infrastructure Management Application for StruxureWare Data Center Operation

Data Center Operation: Mobile, based on Motorola MC75 hardware, provides you with your data center inventory while on the data center floor.

- > The integrated barcode scanner makes light work of implementing work orders and identifying equipment.
- > Using your wireless network, Data Center Operation: Mobile automatically synchronizes server locations, ensuring data integrity, removing human error and improving operational efficiency.
- > Work online or offline to access work orders and asset data whilst on the move in the data center.
- > Always keep your physical data center updated and synchronized with Data Center Operation: Mobile

Eliminate manual data entry and reduce errors by adding, moving and retiring devices whilst on the move.

Provides alarms, alarm descriptions and recommended actions via Data Center Operation: Mobile for data center operations on the go.

Features & Benefits

Availability	Benefits
Mobile alarms	Provides alarms, alarm descriptions and recommended actions via your Data Center Operation: Mobile for data center operations on the go
Wireless mobile access	Work online or offline to access work orders and asset data whilst on the move in the data center.
Mobile device moves	Eliminate manual data entry and reduce errors; adding, moving and retiring devices whilst on the move.
Mobile work orders	View work orders and immediately update status as you complete tasks.
Rack audit	Perform instant inventory management through view of rack content.
Mobile barcode asset search	Quickly locate bar-coded assets via the search functionality using the optional Data Center Operation: Mobile.
Offline mobile synchronization	Keep your physical data center synchronized with your Data Center Operation: Mobile.
Agility	Benefits
Ruggedized handheld	Meets and exceeds applicable specifications for drop, tumble and sealing, suitable for the data center and facility environment.
Localization	User interface available in major local languages; English, French, German, Spanish, Russian, Traditional Chinese, Simplified Chinese, Japanese, Korean, Brazilian Portuguese & Italian.

Prerequisite:

StruxureWare Data Center Operation

Product Module Options:

Data Center Operation: Capacity
 Data Center Operation: Change
 Data Center Operation: IT Optimize
 Data Center Operation: Energy Efficiency
 Data Center Operation: Energy Cost
 Data Center Operation: Insight

Enhancement Options:

Data Center Operation: VIZOR
 Data Center Operation: Mobile
 Data Center Operation: Dashboard

Data Center Monitoring Option:

StruxureWare Data Center Expert
